**Request for Certificate of Correction
Under 37 C.F.R. § 1.323 For Applicant's Mistake**

Attn: Certificate of Correction Branch

Commissioner for Patents
PO Box 1450

Sir:

It is hereby requested that a Certificate of Correction under 37 C.F.R. § 1.323 be issued for the above-captioned United States Patent. This Certificate of Correction is being requested due to mistakes which appear in the printed patent. The mistakes made by Applicant are of a clerical or typographical nature, or of a minor character. Patentee submits that correction of these errors does not introduce new matter.

Specifically, the printed patent contains the following errors for which a Certificate of Correction is respectfully requested:

In drawings sheet 6 of 7, "FIG. 7 Prior Art" should be changed to "FIG. 7".

Support for the correction can be found at 4:3-5 and 4:58-61 of the patent where FIG. 7 is described as an illustration of the first preferred embodiment, and in the original drawings as filed.

It appears that the error resulted from the Applicant's submission of replacement drawings on July 16, 2008. In that submission, Applicant mistakenly labeled FIG. 7 as prior art. However, in the remarks accompanying the replacement drawings (*See* page 8 of the Applicant's Response dated July 16, 2008) Applicant correctly stated that "FIG. 1, FIG. 3 and FIG. 4 has [sic] also been labeled as prior art".

Remarks

The above-noted corrections do not involve such changes in the patent as would constitute new matter or would require reexamination.

A completed Form PTO/SB/44 accompanies this request, with the above-noted corrections printed thereon. Accordingly, a Certificate of Correction is believed proper and issuance thereof is respectfully requested.

This request is accompanied by payment of the fee set forth in 37 C.F.R. § 1.20(a). Fee payment is provided through online credit card payment. The Commissioner is hereby authorized to charge any fee deficiency, or credit any overpayment, to our Deposit Account No. 19-0036.

Respectfully submitted,
